Good morning David,

I do not. Please look at the enclosed document. I keep this record which indicates all of the Cert testing we do at the lab. Each vehicle is broken down into individual tests, so we have an idea of just how many tests we send to the lab. This list does not include In Use testing.

We tested APPROXIMATELY 30 different vehicles:

We ran APPROXIMATELY 150 tests:

All of this depends how you count the vehicles/tests.

Thanks,

Vince,

Do you provide Linc with the number of vehicles tested during each quarter? If so, do you have the number of vehicles tested for April 1 to June 30 of this year?

Thanks,

David
